

FALL 2009
**MATH DEPARTMENT FINAL EXAM INFORMATION
FOR Math 126, 127, 132**

**AND INFORMATION FOR MATH 181 and 182
WITH BREAKOUT SESSIONS**

Department final examinations for Math 132 will be given on Saturday, December 5, 2009 from 10am-noon.

Departmental final examinations for Math 126 will be given on Friday, December 11, 2009 from 10am-noon.

Departmental final examinations for Math 127 will be given on Friday December 11, 2009 from 2-4pm.

Exact auditorium assignments will be announced near the end of the semester by the Math 126, 127 and 132 instructors. These room assignments will also be posted during or before the last week of instruction outside CDC 828.

Math 126 and 127 students taking a Friday class from another department whose time intersects 10am-noon or 2-4pm on Friday should contact the Department of Mathematical Sciences (895-3567) near the start of the Fall semester due to a likely time conflict for the Final.

The final exam for the sections of Math 181 and Math 182 classes that meet more than twice a week, one of which is a breakout session, will be held according to the lecture session, not the breakout session.
